

TOP SECRET

Allison moved to Vancouver to start 2020 with the League of Communicators. She may be new to ESD 112, but she's not new to supporting a hard-working team for education. She manages League Command Central with a constant smile and quiet calm, providing support to Captain Crisis and the rest of the team.

Allison is in charge of scheduling meetings, managing budgets, tracking data, proofing documents, keeping the team informed and jumping in where needed.
